Continue in patt. until  $6\frac{1}{2}$  patts. have been worked from the ribbing. Omit the inc. at rows 7 and 15.

### NECK SHAPING

Continuing in patt. knit to within 5 sts. of the centre, and put these on to a holder or spare needle. (The right side of the work should be facing the knitter.)

### THE BACK

Continue knitting, omitting the neck shapings, as far as the shoulder.

Then continue as follows:—

Cast off the same number of sts. at the beginning of the next 6 rows as were cast off each time on the front shoulders. Cast off the remainder of the sts. This will be the back neck edge.

Rep. rows 3 and 4, five times more (10 more rows).

Cast off remaining sts.

### TO MAKE UP

Pin each piece out to shape on an ironing blanket, lay a damp cloth over it and press lightly with a warm iron. Do not press heavily with a hot iron as this would stretch the jumper too much. Do not press any of the ribbing. Oversew the seams together lightly and sew in the sleeves, putting sleeve seam to underarm seam.

### THE NECK BAND

1. When a circular needle is used.

Pick up 132 sts. round the neck edge of the jumper, commencing at the centre back. It is a good plan to divide the neck edge into quarters and pick up one-fourth of the number of sts. in each quarter (33). Knit 7 rounds of k. 1, p. 1.

Cast off very loosely using No. 8 needles.

2. When two needles are being used to make a band.

Cast on 132 sts. on No. 10 needles.

Knit 7 rows of k. 1, p. 1.

Cast off very loosely using No. 8 needles and join into a ring.

To join the band to the neck, place the seam to the centre back and the half of the band to the centre front, stretch the band to fit the neck edge between these two points and sew strongly but not tightly. This method will not look quite so neat as the band which is knitted on the circular needle.
